# Alexander McComb

## Front End Engineer

128 Allison Circle  
Anderson, SC 29625  
(434) 242-7255  
alexanderjmccomb@gmail.com

## SKILLS

Worked on many projects using HTML5 CSS3(Sass as a preprocessor) and JavaScript. With projects I built applications using React JS alongside with Backbone. Familiar with using JQuery and other libraries such as underscore. Used Git and GitHub to put my projects under source control and used gh-pages for hosting and deploying my projects. Have familiarity with Heroku for hosting a few applications.
